Dear Students, Faculty, and Staff,

As we step into another exciting academic term, it is heartening to reflect on the remarkable achievements of Usha Martin University over the past few months. This edition of our newsletter showcases the dedication, innovation, and community spirit that define our institution.

Our faculty members have made significant contributions to research, with several publications in international journals of repute and active participation in academic forums. The appointment of Prof. B.N. Sinha as Dean-Academics marks a new chapter in our journey toward academic excellence. Meanwhile, our students continue to shine—whether through legal awareness initiatives, expert-led industry sessions, or outstanding performances in sports and cultural activities.

The recent recognition of UMU as the best-performing institution under the Unnat Bharat Abhiyan is a testament to our commitment to social responsibility. Likewise, our pioneering efforts in launching the Bachelor of Physiotherapy (BPT) program, with official affiliation from the Jharkhand State Council of Physiotherapy, reinforce our role as a leader in higher education. In fact, it is a happy coincidence that UMU has got approval of BCI, PCI, INC, Physiotherapy Council of Jharkhand, among others. We are working hard to get approval of Bachelor of Laboratory Techniques and OTT programmes. The visit of NAAC peer team was extremely useful to the University. The University is committed to follow UGC in letter and spirit.

Each milestone we achieve is a reflection of our collective efforts, and I extend my sincere gratitude to every member of the UMU family for his/her hard work and dedication. As we continue this journey, let us remain committed to knowledge, growth, and societal impact to retain talent within Jharkhand.
