# About Jharkhand

The state of Jharkhand is situated in the Eastern part of India. It was carved out of the erstwhile state of Bihar on November 15, 2000. The state of Jharkhand shares its borders with the states of Bihar in the North, Uttar Pradesh in the North-West, Chhattisgarh in the West, Odisha in the South and West Bengal in the East. It has an area of 79,710 sq.km and its population is about 35 million. Ranchi is the capital city of Jharkhand and the second capital of the state is Dumka. Dhanbad, the coal capital of India, is the most populous city, while Jamshedpur is the biggest industrial city of the state. Bokaro is another industrial centre while Deoghar is the most prominent religious centre.

The state has reasons to be proud of its immense natural treasures in the form of vast mineral wealth and unmatched pristine beauty. About 30 percent of the total land mass is covered by thick forests with rare fauna and flora. Its topography is adorned with a number of cascading waterfalls. Betla National Park is home to tigers and elephants. Ancient religion and culture are evident from the Jain temples atop Parasnath Hill, the 17th century Bhagwan Jagannath Temple, a Hindu shrine and Jharkhand War Memorial dedicated to thousand unsung memories of the war heroes. Jharkhand is home to a very homogeneous group of creative and aesthetically endowed people with a great sense of pride in their art and culture, a different genre in its self. It is a paradox that the State of Jharkhand is rich but the inhabitants are not and have been deprived of the benefits of developments in higher education. With the realization that education is the most potent tool for empowerment and emancipation of individuals from deprivation, the Government of Jharkhand has accorded extremely high priority to higher education. Good, innovative and sound policies have been formulated to support inclusive sustainable development. Several new colleges and universities have been established particularly in the private sector. When Covid-19 began to disrupt the education sector, technology assisted education was adopted in the state and to keep pace with national developments NEP is being implemented. A lot of emphasis is being put on developing Indian Knowledge System as well as fast emerging technologies to facilitate economic empowerment of people.

# About Usha Martin University

Usha Martin University (UMU) was established vide Usha Martin University, Jharkhand Act 2012. It is recognized by the University Grants Commission as a self-financing Private University empowered to award certificates, diplomas and degrees vide letter no. F5-3/2017 (CPP-UPU) dated 6th April, 2017. The University has also been granted approval under section 2(F) by the UGC. The University is a member of Association of Indian Universities. Programmes requiring regulatory approvals are also recognized by regulating bodies such as Pharmacy Council of India, Bar Council of India, All India Council of Technical Education, Jharkhand Nurses Registration Council, Indian Nursing Council, and Jharkhand State Council for Physiotherapy. Approval for Programmes like Medical Lab Technology and Operation Theatre Technology are in process. The University is located at village Narayansoso, Ranchi-Purulia highway, Angara Block office, Ranchi. It is located in newly constructed campus spreadover 32 acres.

To carry out its mandate of providing inclusive quality higher education in different fields for sustainable development of the society, while being in conformity with the priorities of the Ministry of Education, Government of Jharkhand, the University offers a wide range of professional Programmes at UG and PG levels. To enhance opportunities for employment, some of these Programmes are enriched with value added and skill based courses. In addition, Ph. D Programmes in Agriculture, Chemistry, Commerce, Computer Science, Education, English, Law, Management, Mathematics, Pharmacy Journalism and Mass Communication, and Physics are also on offer. Till date the University has awarded 26 Ph.D. degrees in its two convocations. The University is committed to follow UGC guidelines and has framed its own research policy in conformity with these.

A University is a learning organization with 3 dimensional offerings: Research, Teaching-learning and Extension. To encourage social re-engineering, the University nurtures local talent. While appointing faculty, emphasis is placed on their domain knowledge, research capabilities and intellectual caliber. As of now, 50% of faculty at the University has Ph.D. qualification and a few more are to be awarded soon. At present, 214 research scholars are enrolled in the University. They are dedicated to independent discipline based as well as inter-disciplinary research. The faculty is also engaged in guiding research and they are incentivized for publishing research papers preferably in Scopus, CSI, UGC journals and international conferences.

The University provides rich learning experience to its learners where issues are discussed in a fair and frank environment with the faculty as well as through interaction with the experts from the corporate world. The University puts special emphasis on technology supported learning environment to foster interactivity and learner engagement.

The University provides scholarships to the students from the state as well as to meritorious students from outside so as to offer cost-effective quality education. UMU has entered into an MoU with Finance Edge for providing interest free EMI on semester basis. An expected spin-off effect of this action is to discourage brain-drain as an estimated 12,000 students go out of the state every year to pursue higher education.

## VISION

To provide value based education relevant for all, nurture local talent, support creation of excellence in teaching, learning and research, produce high quality innovative graduates and contribute towards sustainable development of the state.

## MISSION

The University shall strive to promote innovative strategies for seamless dissemination and creation of knowledge using latest techniques, available media and technologies so that its graduates acquire skills to get sustainable employment and contribute with a sense of service to national and global society.

## CORE VALUES

- Transparency, Honesty, Integrity and Ethics
- Contribution to Development of State, Region and Country
- Fostering Competencies Compatible with Knowledge Society
- Developing High Moral Values
- Excellence, Inclusive Sustainable Education at Affordable Cost

## OBJECTIVES

- Create leaders and entrepreneurs with vision and values
- Ensure relevance of curriculum and practice interactive pedagogy
- Develop excellence in a collaborative learning environment
- Diversified exposure through training and research
- Provide rich learning environment for development of high moral character

# Facilities and Infrastructure

sha Martin University is located in sylvan and green surroundings. It presents a judicious mix of ancient values and modern teaching-learning ecosystem. UMU has created classrooms well equipped with audio-visual systems, modern teaching aids, Wi-Fi and very comfortable seating arrangements. The laboratories and Workshops are well equipped to carry out experiments. The campus has well laid out open spaces, conducive to easy movement and access to various facilities. Such an environment is extremely enriching for participative learning. The campus is also friendly for specially abled students and staff.

The library has a rich collection of textbooks as well as reference books (both in print and electronic formats), journals, periodicals, magazines, etc. to cater to knowledge needs of students, research scholars as well as teachers. The University has created a vast collection of e-resources comprising eBooks and online journals in collaboration with Professional bodies such as Del Net and Infilbnet.

In keeping with the requirements of its various professional Programmes, the University has created state of the art laboratories. For computer science Programmes, well-equipped systems and required software have been made available. To support the engineering Programmes, well designed workshops in all disciplines of engineering and laboratories for basic sciences have been developed. Likewise, Programmes in Pharmacy, Nursing, Physiotherapy and allied sciences and Agriculture have well equipped laboratories in accordance with the learner strength and the requirements of their respective regulatory councils.

It is said that a sound mind resides in a sound body. Following this dictum and to encourage all round development of learners, a well-endowed sports infrastructure for outdoor as well as indoor sports has been created. The university also has indoor and outdoor gymnasium. Holistic development of the student personality is provided through extension activities in the five adopted villages of the University and through other initiatives including National Service Scheme, Unnat Bharat Abhiyan, and blood donation campaigns. Separate common rooms for girls and boys have been provided. Separate hostels for girls and boys are available at affordable cost. Central mess and central library are provided near the hostels.

The University has arranged bus services for students as well as staff to commute comfortably from various parts of the city. This service is available over a 35 km radius around the city at a subsidized fee for the students whereas it is free for University Staff. All buses are well equipped with safety measures. The cafeteria provides clean and hygienic environment and serves quality food to all at affordable prices.

Ragging, physical or mental, is taken as a cognizable offence and strongly discouraged at the campus. All students are advised not to indulge in this undesirable act. Moreover, as responsible individuals, all students are expected to contribute to eradication of this evil. If any student is reported to be involved in committing such an offence, he/ she is handled as per anti-ragging policy of the University formulated following UGC guidelines. As per NEP 2020 guidelines Incubation centre and IKS Centre have been created for all round development of students.

The UMU provides congenial environment for personality development and growth to aim for harmony and tolerance towards all living beings. All buildings in the university are insured including coverage for fire hazards and logistics. Insurance cover has also been provided to all members of UMU. The University also provides primary healthcare services on the campus including first aid, OPD services, ambulance services, tieup with nearby hospitals and multi-speciality hospitals for emergency services. Physiotherapy services and legal aid services are provided to villagers in the surroundings at a nominal cost. These have become very popular.

# Academics & Technology

## Supported Learning

Though it is a young institution; UMU has emerged as a center of credible education capable of fulfilling the rising aspirations of the youth in the region. Annual growth rate of more than 30% stands testimony to this. Deeply conscious of its role in building responsible human capital, Usha Martin University provides quality higher education in emerging and required fields of national importance. It helps to develop employable professionals and entrepreneurs.

In a dynamically changing higher education scenario, facilitated by NEP-2020, Usha Martin University seeks to remain continually relevant by adopting latest pedagogies and technology supported methods of educational delivery. In a Wi-Fi enabled campus, learners have access to multimedia resources and on-line materials for an all-round exposure to academics and the world of work. The University has also developed its own learning management system, 'UMU- learn', to facilitate learner interactivity and engagement beyond the campus. Implementation of Class lecture capture system & Smart Class Room in class rooms and labs enabled Learning beyond the classroom walls.

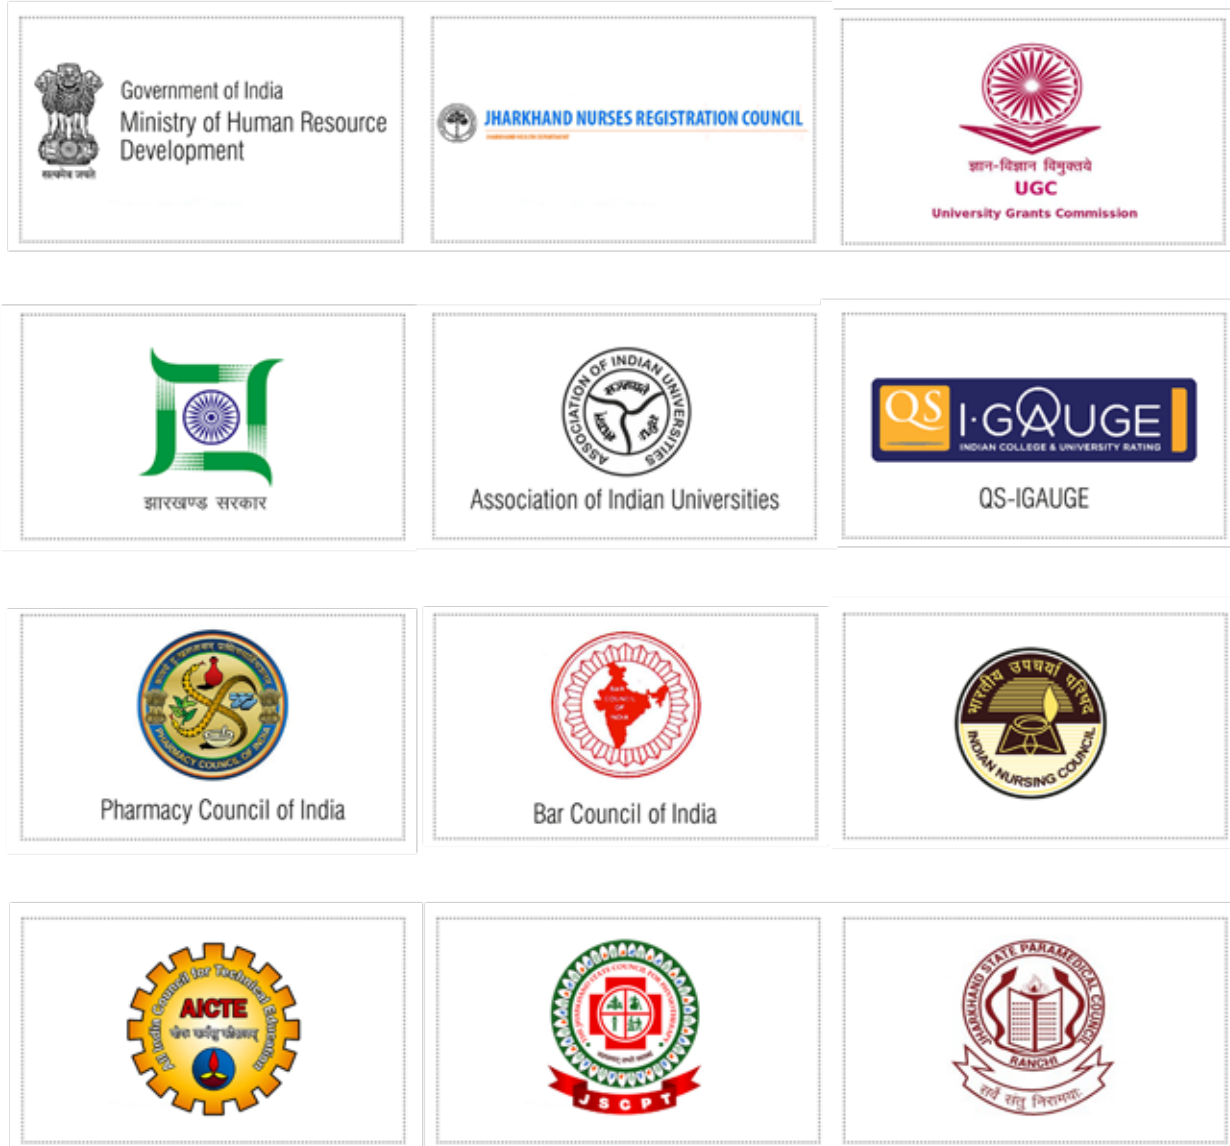

A characteristic feature of the Usha Martin University which distinguishes it from other higher education institutions in the region is that it focuses on the quality of faculty across all its offerings by engaging academics with the best academic and research credentials. The UMU faculty is actively engaged in research and application of innovative practices in teaching-learning.

Usha Martin University is well equipped with the required laboratories, workshops and IT infrastructure facilities. The central facility of an instrumentation centre has also been set up. The University has an active incubation centre to promote innovation and creativity. The University is also conducting extension Programmes in different areas, besides undertaking its community service responsibilities. It has been conferred seed money by Unnat Bharat Abhiyan for extension services in neighboring five villages adopted by the University.

To mention about the cocurricular activities, sports club, cultural club, and science club for student empowerment has been established. The students are also encouraged to participate in various committees, like anti-ragging cell, disciplinary committee, grievance redressal committee, mess committee for hostellers etc.

Usha Martin University's students also benefit from customized training Programmes and placement services whereby the University prepares its students to face the demanding and competitive job market. Usha Martin University stands as a beacon of digital advancement in revolutionizing the educational journey for its students. With a strategic focus on leveraging technology, the university has seamlessly incorporated tailor- made software solutions like University's ERP- Collpoll / DigiCampus to streamline operations across diverse areas, spanning from admission processes to the exit of students. E - Governance has revolutionized the way Usha Martin University manages its administrative and academic operations.

# Recognition and Accreditation

# 10 Reasons to be a part of Usha Martin University

# Chancellor's Message

My dear young friends,

I welcome you to the place where you will see the dreams for your future life and prepare to make them come true.

Like you, I also saw my dreams in my university long time back, and then pursued them in right earnest after leaving the university. From all accounts, I did fairly well in my career in the Civil Service. Therefore, from my personal experience, I would like to offer a word of advice for you to consider.

During your time in the University, you should try to become aware of your strengths, your talents and your gifts. Don't forget that each one of you is unique. By being aware of your special strengths and talents, you will be able to adapt to whatever conditions you go through. I am sure you will find support from your professors and fellow students in leveraging your strengths for best results.

While pursuing your chosen programme in the university, you should also try to build a 'brand' for yourself. Big companies spend hundreds of millions of dollars to establish themselves in the market through a brand. Your branding would be your image in whatever profession you would be joining after completing your studies. You can do that by starting a blog or creating a social media profile or simply by helping everyone in need.

With these few words, I wish each one of you a very fulfilling time in the University.

**Prabhat Kumar**

(Retd. IAS, Former Cabinet Secretary and First Governor of Jharkhand)  
Chancellor

# Vice-Chancellor's Message

I would like to offer my best wishes and congratulations to you for selecting the Usha Martin University as your institution of choice in helping realise your aspirations for a productive and satisfying life. Selecting a university and entrusting it with the responsibility of shaping your future is a responsible choice and I assure you that you have made a wise selection

This year marks a historic milestone in our journey; it is our first prospectus following the prestigious NAAC Grade 'A' accreditation. This accolade is a testament to our unwavering commitment to quality education, research, innovation, and validates our efforts to bring world-class infrastructure and pedagogical excellence to the heart of Jharkhand.

As we step into this phase of its journey, our focus is sharper than ever. UMU is not just preparing students for jobs; we are nurturing the ethical leaders and innovators of tomorrow. Our curriculum continues to evolve, integrating industry 4.0 expectations, the developments suggested by the NEP 2020, sustainable practices, and a strong emphasis on digital applications.

At Usha Martin University, we believe that education should be empowering, inclusive, and impactful. It should equip learners with the confidence and ability to question the status quo and become agents of positive change. At the same time, it must nurture an inclusive environment that values diversity and ensures that every voice is heard and respected. Above all, education should create meaningful impact by contributing to socio-economic development through community engagement, applied research, and a strong emphasis on ethics as a way of life.

You are indeed embarking upon University education in very exciting and dynamic times that are being labelled as the decade of disruptive innovation, which also translates into it being a time of immense possibilities, untapped opportunities and emerging careers in widely diverse fields. I am sure you will be rigorously prepared to realise these opportunities during your academic journey at UMU. By joining UMU, you are entering an ecosystem that values your individuality. Here, you will find state-of-the-art laboratories, a faculty body comprised of academic scholars industry veterans and, a placement cell that works tirelessly to bridge the gap between your dreams and reality.

The University aims to create among you a passion for creative problem solving. Self directed life long learning and participative, socially responsible living, that can meaningfully contribute to the task of nation building. I believe that you will be an active participant in achieving this aim I wish you a very proactive, fulfilling and rewarding academic journey at the Usha Martin University

Prof. Madhulika Kaushik  
Vice-Chancellor

# Pro Vice-Chancellor's Message

At Usha Martin University, we believe that education is more than the acquisition of knowledge - it is the shaping of character, the awakening of curiosity, and the empowerment of individuals to transform their communities. Inspired by the wisdom of Shukraneeti—"There is no sound that is not a mantra, no plant that is not medicinal, no person unworthy"—our institution stands committed to nurturing every learner with purpose, dignity, and excellence.

Our vision is to build an institution of skills education that has a strong national and international presence, grounded in research, driven by innovation, and rooted in core human values. We are not just preparing students for today's jobs; we are cultivating thinkers, creators, and problem-solvers for the world of tomorrow.

At the heart of our academic model lies Research-Based Education. We encourage both faculty and students to engage deeply with inquiry, reflection, and practice. Every module is designed scientifically with clear outcomes, ensuring that learning is not only meaningful but also measurable. In a rapidly changing world, the importance of skills for today and tomorrow cannot be overstated. We are continuously aligning our teaching and training frameworks with industry needs. Through personalized development plans, behavioral assessments, and a deep understanding of talent and capabilities, we ensure that each learner's journey is both relevant and transformative.

We promote innovative practices—whether through flipped classrooms, open curricula, or the integration of new technologies like digital learning platforms. Our administrative and academic models embrace flexibility and are designed to adapt quickly to the evolving educational landscape. Inclusivity is not an afterthought but a central pillar of our approach. We embrace diversity in language, background, and skill, and ensure that every student and staff member find space, respect, and opportunity to thrive.

We strive for a balance between indigenous wisdom and global perspective. Our curriculum and practices draw from India's rich heritage while equipping students to excel in international arenas, remaining rooted in compassion, ethics, and spiritual strength. Together, we are building more than a university—we are cultivating a community of learners, teachers, and innovators committed to meaningful change.

# Faculty of Computing & Information Technology

Computer Science has become an integral part of modern society with the rapid growth of information technology. The ever-increasing demand for advanced computation has led to the development of powerful computing systems and innovative software solutions. The Faculty of Computing and Information Technology at Usha Martin University offers Undergraduate (UG) and Postgraduate (PG) programmes in Computer Science, Information Technology, Artificial Intelligence, Machine Learning and related areas.

With state-of-the-art infrastructure and value-added teaching methodologies, the curriculum is designed to blend theoretical knowledge with practical exposure. The faculty ensures that students acquire industry-relevant skills and competencies to contribute effectively to the professional world. These programmes aim to prepare students for diverse career opportunities and higher education.

S. NO.	PROGRAMME	DURATION	ELIGIBILITY	MODE
1	Bachelor of Computer Applications (B.C.A)	3 Years	12th with Mathematics	Semester

# Faculty of Engineering & Applied Sciences

Engineering plays a crucial role in shaping the modern world with its practical and innovative approach. With rapid technological advancements, the demand for skilled engineers has significantly increased in the corporate sector. Usha Martin University offers a range of engineering Programmes at the Diploma and undergraduate (B.Tech) levels, focusing on innovation, industry relevance, and affordability. Our AICTE-approved Diploma in Engineering Programmes ensure quality education, and lateral entry options are available for both B.Tech and Diploma Programmes.

In addition to engineering, we offer specialized science Programmes designed for emerging career opportunities. The B.Sc.(Hons.) Forensic Science (4-year Programme) trains students in scientific crime investigation, with a curriculum that balances theoretical knowledge and practical application, Usha Martin University aims to nurture professionals ready for dynamic industries and research fields.

The Faculty of Engineering and Applied Sciences also offers a Bachelor's degree in Physics, Chemistry and Mathematics. This is an honours degree Programme, spread over years and gives the students a comprehensive exposure to basic and applied aspect of these science subjects.

S. NO.	PROGRAMME	DURATION	ELIGIBILITY	MODE
1	B.Tech (Mechanical/Mining /Civil /Electrical and Electronics)	4 Years	Passed 10+2 examination with PCM& Obtained at least 45% marks (40% marks for reserved category)	Semester
2	Diploma (Mining /Mechanical) Civil /Electrical and Electronics /Computer Science)	3 Years	Passed 10th Std./ SSC examination	Semester
3	B.Sc. (Hons.) Forensic Science	4 Years	Passed 10+2 or equivalent with Physics, Chemistry, Biology or Mathematics with a minimum of 50% Marks.	Semester
4	B.Sc. (PCM)	4 Years	A candidate should have passed 10+2 with PCM with minimum 50% marks (5% relaxation for reserved category).	Semester

# Faculty of Health & Allied Sciences

Healthcare disciplines such as Pharmacy, Physiotherapy, Nursing, and Medical Laboratory Technology are among the fastest-growing fields, offering rewarding and fulfilling careers. Students pursuing these Programmes work closely with healthcare specialists and medicine manufacturers to address societal health needs. Physiotherapy focuses on the treatment of impairments and disabilities, promoting mobility, functionality, and quality of life through assessment and physical intervention. Pharmacists serve as a crucial link between physicians, medicine manufacturers, and patients, ensuring the effective delivery of medical care. Paramedics and medical lab technologists play a vital role in diagnostics and emergency services, while nurses are at the forefront of patient care, bridging the gap between behavioral and physical healthcare services.

Usha Martin University introduced the Bachelor of Physiotherapy (BPT) Programme in 2019 and the Bachelor of Medical Laboratory Technology (BMLT) in 2020. The B.Pharm and D.Pharm Programmes were also launched in 2020, with a postgraduate Programme in Pharmaceutics and Pharmacology set to begin in 2026. B.Sc. Nursing and GNM commenced in 2021, followed by B.Sc. Operation Theatre Technology and B.Sc. Medical Radiology & Imaging Technology in 2023. The Department of Physiotherapy & the Department of Paramedical Sciences offers a 5 year BPT Programme, a 4 year BMLT Programme, and a 4-year B.Sc. Radiology Technology (BMRIT) Programme. These Programmes aim to develop highly competent healthcare professionals capable of adapting to evolving industry demands.

Lateral entry options are available for diploma holders into degree Programmes, providing flexible learning pathways and better career opportunities.

S. NO.	PROGRAMME	DURATION	ELIGIBILITY	MODE
1	Bachelor in Physiotherapy (BPT)	5 Years (4 Years Academics & 1 Year Internship)	10+2 in PCB with English with minimum 50% marks. For SC/ST/PwD candidates 10% relaxation is given.	Semester
2	Bachelor in Medical Lab Technology (BMLT)	4 Years	10 +2 with 50 % marks in PCB. 5% relaxation for SC/ST candidates	Semester
3	Bachelor of Pharmacy	4 Years	10+2 Science with 50% marks in PCB or PCM	Semester
4	Diploma in Pharmacy	2 Years	10+2 Science with 50% marks in PCB or PCM 5% relaxation for SC/ST candidates	Yearly
5	B.Sc Operation Theatre Technology (BOTT)	4 Years	10 +2 with PCB with minimum 45% marks in ENGLISH	Semester
6	B.Sc-Medical Radiology & Imaging Technology	4 Years (3 Years Academics & 1 Year Internship)	10 +2 with PCB with minimum 45% marks in ENGLISH	Semester
7	B.Sc Nursing	4 Years (8 Semester)	10 +2 with PCB with minimum 45% marks in English	Semester
8	G.N.M	3 Years	10 +2 with any stream with minimum 45% marks in ENGLISH	Yearly

# Faculty of Agriculture

The University is adobe of innovation and wisdom has attained the hallowed height in the sphere of higher education and created a place of eminence as the best University in Ranchi. Since inception the University is doing sublime work in the sphere of higher education and has attracted brilliant brains from across the country who created their own space at international level.

The Faculty of Agriculture at Usha Martin University is committed to impart high-quality and holistic education, promoting cutting-edge agricultural research, and taking the innovation to the farming community. Our objective is to produce Agricultural Scientists, Agripreneurs, Agribusiness Managers, and Social Entrepreneurs who could serve the farming community with dedication and zeal.

Our Agricultural Programmes are a judicious blend of practical and theoretical pedagogy that provides a solid academic base, blend of the latest industry and best business practices, and focused on creating a link between theory and practice that supports advanced career in the sphere of agriculture and its allied areas.

At the Faculty of Agriculture students get a conducive teaching-learning environment with state-of-the-art infrastructure and facilities that enhances their professional competencies, research competencies, critical thinking and problem solving skills and enable students to succeed in a highly competitive global environment.

S. NO.	PROGRAMME	DURATION	ELIGIBILITY	MODE
1	B.Sc (Hons.) Agriculture	4 Years	12th with Science	Semester
2	M.Sc Agronomy	2 Years	A Bachelor's degree in Agriculture or a related field such as: Horticulture/Forestry /Agricultural Engineering	Semester
3	M.Sc. Plant Breeding & Genetics	2 Years	A Bachelor's degree in Agriculture or a related field such as: Horticulture/ Forestry/ Agri. Engineering/Plant Science /Agriculture Biotechnology	Semester

# Faculty of Journalism and Mass Communication

The BA in Journalism and Mass Communication programme at Usha Martin University prepares students to engage responsibly and thoughtfully with media, public affairs, and civic life. Recognising media as a vital pillar of democracy, the programme balances conceptual learning with sustained practical training across print, digital, broadcast, advertising, and public relations. Students learn by doing in a professionally designed media environment that includes a soundproof podcast studio, newsroom simulation centre for real-time reporting, dedicated radio and video production spaces, and an advanced editing lab equipped with current industry software. Regular workshops, field assignments, internships, and interactions with experienced journalists and communication professionals broaden their outlook and sharpen technical and ethical judgement. The University is also launching a community radio to strengthen grassroots communication and local engagement.

Our graduates have secured positions with leading organisations such as Netflix, National Geographic, ABP News, Prabhat Khabar, Zee News, and other respected media houses, reflecting the programme's strong industry relevance.

Building on this foundation, the University offers an MA in Journalism and Mass Communication with specialisations in Digital and Social Media, Broadcast Journalism, Public Relations and Corporate Communication, Advertising and Marketing Communication, Film and Video Production, and Media Analytics, enabling students to pursue diverse, high-demand careers across contemporary media and strategic communication sectors.

S. NO.	PROGRAMME	DURATION	ELIGIBILITY	MODE
1	Bachelor of Arts in Journalism and Mass Communication (BAJMC)	3 Years	12th	Semester
2	Bachelor of Arts in Journalism and Mass Communication (BAJMC Honours)	4 Years	12th	Semester
3	Masters in Journalism and Mass Communication (MAJMC)	2 Years	Bachelor's Degree in any discipline from a recognised university with minimum 45 to 50% marks (relaxation for reserved categories as per UGC norms)	Semester

# Faculty of Legal Studies

The legal profession has traditionally been accorded high esteem owing to its pivotal role and responsibilities towards society. Recognizing the significance of quality legal education in a rapidly evolving global order, Usha Martin University (UMU) established the Faculty of Legal Studies with the objective of nurturing competent and socially responsible legal professionals in the state. The law programmes offered by the Faculty adopt technology-enabled, interactive pedagogical methods aimed at developing strong legal skills, critical thinking, and scholarly aptitude, with particular emphasis on the practical dimensions of law. To bridge the gap between theory and practice, the University regularly invites eminent legal luminaries from the region to share real-life professional experiences and insights with the learners.

The University offers five-year integrated B.B.A.-LL.B. and five-year integrated B.A.-LL.B. Programme, duly approved by the Bar Council of India (BCI), in addition to stand-alone one-year and two-year LL.M. programmes and Ph.D. These programmes provide the youth with ample avenues for their professional development and enable them to build a career with the finest prospects, firmly grounded in ethics and values.

S. NO.	PROGRAMME	DURATION	ELIGIBILITY	MODE
1	BBA LLB (Integrated)	5 Years	12th	Semester
2	BA LLB (Integrated)	5 Years	12th	Semester
3	LLM	1 Year Specialization in Business Law, IPR and Constitutional and Administrative Law	LL.B.	Semester
4	LLM	2 Years Business Law, IPR.	LL.B.	Semester
5	PG Diploma in Tribal Law	1 Year	Graduate in any Discipline	Semester

# Faculty of Education

The Faculty of Education in a university plays a crucial role in shaping the future of educators and contributing to the advancement of educational practices. This department is dedicated to the study and improvement of educational processes, policies, and outcomes. The primary mission of the Faculty of Education is to provide high-quality education, research, and outreach Programmes that prepare individuals to become effective educators, leaders, and advocates in the field of education. The department typically sets specific objectives aligned with its broader mission, such as fostering innovation in teaching methodologies, conducting cutting-edge research, and promoting community engagement. The Faculty of Education, Usha Martin University aims to carry out academic activities addressing education as a field of knowledge and an area of professional practice. It also engages scholars in educational discoveries and knowledge generation through relevant research at the cutting-edge of the subject area. The University offers M.A (Education) and Ph.D (Education) Programmes.

S. NO.	PROGRAMME	DURATION	ELIGIBILITY	MODE
1	MA (Education)	2 Years	Graduation in any subject	Semester

# Faculty of Humanities and Social Sciences

The Department of English, under the Faculty of Humanities and Social Sciences at Usha Martin University, was established in 2018. Since its inception, the Department has consistently pursued academic excellence and remains committed to fostering linguistic and literary proficiency. In alignment with national educational reforms, the Department has implemented the National Education Policy (NEP) 2020 from the academic year 2023 onwards. Through innovative teaching methodologies and interdisciplinary approaches, the Department seeks to cultivate critical thinking, effective communication skills, and a nuanced appreciation of language and literature. Supported by a dedicated faculty and state-of-the-art resources, the Department of English at Usha Martin University is devoted to nurturing students into competent scholars, writers, and communicators, poised to make meaningful contributions to society.

The Department of Library and Information Science, under this faculty, offers the Bachelor of Library and Information Science (BLIS) programme. This is a one-year programme offered to graduates who have secured a minimum of 50% marks in their graduation. The BLIS is a professional degree that trains students in the principles and practices of professional librarianship.

S. NO.	PROGRAMME	DURATION	ELIGIBILITY	MODE
1.	MA English	2 Years	Graduate with 50% marks	Semester
2.	BA English	3 Years	12th	Semester

4.	Bachelor of Library and Information Science	1 Year	Graduate with 50% marks	Semester

# Research Cell

UMU stands as a beacon of academic excellence and research innovation. The Ph.D. Programmes offered reflect a commitment to pushing the boundaries of knowledge, fostering a dynamic research culture, and contributing to sustainable development. By striking a balance between technological innovation and human-centric approaches, UMU continues to make significant strides toward inclusive and transformative development in underprivileged and remote communities.

Our Research Cell invites passionate and innovative minds across India to embark on a transformative journey through our distinguished Ph.D. Programmes.

UMU takes pride in presenting an extensive array of Ph.D. Programmes, meticulously designed to cater to the diverse academic and research interests. These Programmes are aligned with the provisions and regulations set forth by the UGC (Minimum Standards and Procedure for Award of Ph.D. Degrees Regulation) and UMU's Ph.D. Degree Regulations. Aspiring scholars can choose from the following disciplines:

- |   |  |
|---|--|
| 1. Ph.D. in Computer Science                  | 9. Ph.D. in Agriculture Including Microbiology Biotechnology |
| 2. Ph.D. in Law                               | 10. Ph.D. in English   |
| 3. Ph.D. in Management                        | 11. Ph.D. in Physics   |
| 4. Ph.D. in Commerce                          | 12. Ph.D. in Chemistry                                       |
| 5. Ph.D. in Education                         | 13. Ph.D. in Mechanical Engineering                          |
| 6. Ph.D. in Pharmacy                          | 14. Ph.D. in Civil Engineering                               |
| 7. Ph.D. in Journalism and Mass Communication | 15. Ph.D. in Mining Engineering                              |
| 8. Ph.D. in Mathematics                       | 16. Ph.D. in Electrical & Electronics Engineering            |

## **Research Culture at UMU:**

The Research Cell at UMU plays a pivotal role in cultivating a vibrant research culture. Scholars are encouraged to embark on a journey of knowledge creation and innovation, contributing significantly to their respective fields. The university provides state-of-the-art research facilities, access to extensive libraries, and collaboration opportunities with eminent researchers.

### **Programme Eligibility / Pre-requisites:**

Masters Degree from a recognized University or Equivalent Institution in the relevant subject with minimum 55% marks or an equivalent grade. For candidates belonging to SC/ST/OBC (Non-Creamy layer)/ Differently-Abled and such other categories, relaxation as per the decision of the UGC & Govt. of India will be accorded.

### **How to Apply?**

You can apply for admission both online as well as offline in response to and in accordance with the Ph.D. advertisement of the University.

### **Entrance Test**

UMU conducts Ph.D. entrance test followed by an interview of the successful candidates. Candidates who have already cleared UGC (JRF) Examinations/ NET/ SET/ SLET or have M. Phil degree can directly appear for interview. Ph.D. entrance examination is conducted online.

### **Pre-Ph.D. Course work**

The Pre-Ph.D. coursework will span over two semester and will comprise five compulsory papers.

Name of Paper	Theory	Practical	Internal Assessment (Assignments, Attendance & Seminar)	Max Marks	Credit
<b>Paper-I</b>			40		
Research Methodology	60	-		100	4
<b>Paper-II</b>					
Computers in Research	50	30	20	100	4
<b>Paper-III</b>					
Research and Publication Ethics	30	-	20	50	2
<b>Paper-IV</b>					
One Core paper related to the discipline of research	60	-	40	100	4
<b>Paper-V</b>	60		40		
Research Training	(Presentation)	-	Review Paper	100	4

Join us in the pursuit of knowledge, where academic rigor meets innovation, and together, let's shape a brighter and more sustainable future. Apply now and become a catalyst for change through research excellence at Usha Martin University!

# Unnat Bharat Abhiyan

Unnat Bharat Abhiyan (UBA) is a flagship program initiated by the Government of India to foster rural development by leveraging the knowledge and resources of academic institutions. Usha Martin University, Ranchi joined UBA on 31 Oct 2022 and adopted five villages namely Angara , Jannum, Narayansoso, Berwari and Childag. UBA cell organized several programmes such as training programs, capacity-building initiatives, Healthcare and Education and Promotion of Sustainable Practices. UBA Cell also established partnerships with local NGOs like Ekal foundation, Sunstone, Deepshikha and government agencies like NSS, and community-based organizations to ensure a broader reach and effective implementation of extension programs has been undertaken by the University. Many health camps and awareness drives on issues like menstrual hygiene, sanitation, importance of nutrition, preventive healthcare, blood donation camps, World Hepatitis Day awareness, World Health day awareness, World TB day awareness, world pharmacist day awareness, Physiotherapy OPD awareness camps, World AIDS day, etc to promote overall well-being in the community have been organised.

# Centre for Ethics

With the objective of promoting ethical awareness in professional life and fostering ethics as a way of living, Usha Martin University has established the Centre for Ethics. The Centre is dedicated to nurturing ethical thinking, responsible behaviour, and value-based leadership among students, faculty, staff, and the wider community. It functions as a dynamic platform for ethics education, research, dialogue, and community engagement, addressing emerging ethical challenges in academia, governance, technology, professional practice, and society at large.

The Centre of Ethics was inaugurated on 14th August 2025, marking a significant milestone in the University's commitment to value-based education and ethical responsibility. The Centre for Ethics stands as a landmark initiative aligned with the University's mission to integrate ethical values with academic excellence and to develop socially responsible individuals grounded in integrity and accountability. Through academic programmes, guest lectures, workshops, training sessions, and public engagements, the Centre seeks to inculcate ethical practices and leadership, contributing meaningfully to a just, responsible, and value-driven society.

# Indian Knowledge System

The National Education Policy (NEP) 2020 emphasizes the integration of Indian Knowledge Systems (IKS) at all levels of education to cultivate a deep understanding of India's heritage, culture, and ancient wisdom across disciplines such as science, medicine, philosophy, arts, and governance. It promotes a holistic, multidisciplinary, and decolonized curriculum that harmoniously blends traditional knowledge with modern scientific and technological perspectives, thereby strengthening critical thinking, ethical values, and cultural consciousness.

In accordance with UGC guidelines, Usha Martin University established the Indian Knowledge System Centre in 2023 to promote awareness and deeper understanding of India's traditional wisdom among students and faculty. The Centre also features a dedicated space furnished with books and resources related to Indian Knowledge Systems, providing an enriching environment for learning and research. Through regular academic and cultural initiatives, including a recent violin session on Indian classical music, the University actively promotes holistic learning and the preservation of India's cultural legacy.

# Industrial Collaboration

Quality education cannot be achieved without practical training. The importance of vigorous training under real life settings can be well understood in the context of a competitive environment where every enterprise is result oriented and demands output. In order to meet expectations and demands of the dynamic corporate world, Usha Martin University works in collaboration with industry and other employer organizations while seeking to bridge the gap between students and the job market through involvement of our corporate network in both curriculum review and competency building through internships.

The linkage with different sectors of the corporate world enables UMU to produce efficient and job ready professionals for the market. The top companies are always craving for efficient professionals with a combination of sound conceptual knowledge and exposure to the professional practices so that industrial collaboration helps Usha Martin University to fulfil the requirement of the market with its graduates and their employable competencies.

The University provides exposure to the world of work and experiential knowledge to its students by organizing industrial visits, internship Programmes and mini projects. Experts from the industry and other employer organizations are regularly invited to interact with the students. The university has also entered into an MoU with the Jharkhand State Tool Room and BIT Mesra which will benefit the students and faculty in gaining industrial training and access to its manufacturing units.

The University is not only building and maintaining linkages with various enterprises but also providing a unique platform to check and improve the training curriculum of various fields of studies and thereby set new standards of quality.

The main objectives of Usha Martin University's industrial collaboration are to:

- Establish linkages between industries/trade/academic faculties and students
- Enable exchange of information between academicians/ universities and industries
- Review from time to time the curricula under various fields to identify the emerging requirements and enable students to face challenges in a complex work environment
- Strengthen campus placement efforts.

The various organizations/industries that are mobilized for achieving these objectives efficiently include:

- Business enterprises, including companies, duly registered under the Companies Act 1956 from various sectors of business
- Organizations established under their own statute like Banks
- Industry associations
- NGOs like trusts and societies.
- International Organizations.

The University has been able to achieve excellent placement rates for its graduating batches so far.

# Admission Procedure

Sha Martin University provides a user-friendly mode of admission to its various Programmes based on the prescribed eligibility. The applicants can download the admission form for their selected Programme from the university website and submit the duly filled forms to the University at suggested address. Alternatively, applicants can apply online and also pay fee online.

## Steps in the admission process:

- Go through [www.umu.ac.in](http://www.umu.ac.in) to select the Programme of your interest. (In the event of requiring any clarification you should contact the Marketing department at the numbers given on the last page of this prospectus. For any academic details of your Programme, you can also contact the HOD concerned. Their contact details are available on the University Website).
- After selecting the Programme, fill the admission form and mail it to the addresses of the 2 city offices of Patna and Ranchi, or main campus, mentioned on the last page.
- Attach all the required documents, including self-attested mark sheets, past academic certificates, birth proof, and residence proof as required.

You also need to submit five passport size photographs along with demand draft of first

- Semester fee in favor of the University.

Admission to MBA and Engineering Programmes is through entrance tests conducted by the university and followed by interviews, while admission to B. Pharma is based on merit in the qualifying examination (+2). On the other hand, for the admissions to BSc (Nursing) the candidate have (+2)science biology with passed in English Individually with 45%with NEET/JCECEB and GNM Should have (+2) with 40% and individually passed in English with 40% and with JCECEB

# Fee Refund Policy and Withdrawal of Admission

In the unlikely event of withdrawal of admission by a student, the University refunds the fees in accordance with its refund policy shown in the table below. All students are advised to observe this strictly and the refund shall be made in strict accordance only. Under normal circumstances, the last date of admissions is 31st July for every academic year.

BY 31st August	By 30th September	After 30th September
Refund after deduction of Rs. 1000 from the amount paid	Refund after deduction of 50% fee paid	No Refund

In case of change in admission schedule by the statutory body, the dates of reimbursement shall change accordingly.

# Campus Activities

The university on its campus has created facilities for indoor as well as outdoor sports. Besides a state-of-the-art cricket stadium developed in collaboration with JSCA, we have playgrounds for volleyball, football, badminton, and the like. Indoor games such as table tennis and various board games are also available. Two units of NSS have been active since 2022. We intend to follow it by raising NCC units. There are separate common rooms for boys and girls.

Cultural activities like student fest and academic as well as sports competitions are organized every year. Students are making ready to participate in various inter-college and inter-university competitions under the guidance of the faculty coordinators.

## Student Welfare Services Offered

- Student-Centric Approach
- Clubs and Societies: The University offers a variety of clubs and societies, including cultural clubs, art clubs, sports clubs, and science clubs.
- Safety and Well-being Initiatives: The Dean of Student Welfare (DSW) Office is committed to ensuring students' safety and well-being. It comprises an Anti-ragging cell, an Internal Complaint Committee (ICC), a Grievance cell, and a Disciplinary committee to address any issues and maintain a secure environment.
- Modern Hostel Facilities: Usha Martin University provides state-of-the-art hostel facilities. Each hostel features free Wi-Fi and has around 350 beds, supported by a team of wardens and assistant wardens available 24/7 to assist students in emergencies
- Health and Wellness Services
- Academic Support

# Our Recruiters

We consistently try to bridge the gap between academia and the industry by developing a symbiotic relationship in order to provide our students a better scope for their career growth as well as making them an asset for the society. Our students of previous batches have been selected in many companies of repute which include but are not limited to the following:

# Career Advisory and Placement Cell

Just as taste of pudding is in eating, the quality of education manifests in the form of outcomes like placements consistent with the aspirations of learners at the end of a Programme. To facilitate this, the University has established Career Advisory and Placement Cell that works under the guidance of the Registrar. The activities of the cell are managed by the Training and Placement Officer who tries to match the needs of the corporate world and the career aspirations of our students in consultation with the placement committee comprising senior faculty of the University. It is an institutionalized system of advisory services designed to assist students in taking decisions on career and educational guidance at different levels of education.

Under this cell, the University provides required training and guidance to its students on

- How will they be assessed by employers?
- How should they prepare as per their career goals?
- Career counseling, individual or group counseling focused on the choice of the Programme so that they can easily achieve their career goals.

The Career Advisory and Placement Cell of Usha Martin University helps students to

- Prepare CVs, Job application forms, Covering letters and other Corporate / University documents.
- Successfully compete and go through the interviews at different levels.
- Explore and find new jobs that can offer best opportunities.
- Participate in “practice interviews” , subsequent feedback and analysis.
- Train on behavior, stress management, non verbal and verbal communication.
- Formulate career plans by gaining exposure to the evolving job scenario and career paths.

So far, the placement record of the University have been quite satisfying due to the sincere efforts and hard work put in by the students, faculty and the Placement Cell.

# Scholarships Offered by UMU

The University encourages participation of meritorious students by offering scholarships in the form of fee concession as per the following scheme. The Scholarships are offered in the form of fee rebates as follows:

- 100% for all students enrolled in any Programme\* and securing 95% or more marks in their qualifying examination.
- 50% for all students enrolled in any Programme\* and securing marks in the range of 90% - 94.9% in their qualifying examination.
- All female students enrolled in any Programme\* and securing marks in the range of 80% - 89% in their qualifying examination are entitled to get 20% scholarship.

## Provision for Wards/Dependents of Army Personnel

- Wards/Dependents of Army personnel will get special scholarship. Boys will be entitled to 20% of semester fees as scholarship while girls will be entitled to 30% of semester fees for the first year only.

## Domicile Based

- 10% for students having domicile of Jharkhand and enrolled in any Programme. However, those getting merit scholarship will not be eligible for domicile-based scholarship.

## \*Note:

1. No scholarship benefit will apply to candidates enrolled for the Nursing, Pharmacy and LLM Programmes.
2. The benefit of 50% and 100% rebate in tuition fee for eligible candidates will apply only for the first year of the concerned Programme. The benefit from 2nd year onwards will revert to 20% rebate on tuition fees for all these candidates.
3. The benefit of scholarship will cease to operate if a beneficiary student is awarded disciplinary action against him at UMU or fails in any exam in a semester.
